College and Career Readiness

The following information was pulled from the PDE website regarding career-readiness:

By 2025, more than six in 10 Pennsylvania jobs will require some form of post-secondary education or training. In addition, the overwhelming majority of STEM jobs in Pennsylvania (91 percent) will require some form of post-secondary education and training.

Currently, 45 percent of Pennsylvanians hold these credentials, and a significant skills gap – especially for "middle skills" occupations requiring some post-secondary training but not a four-year degree – continues to persist for the commonwealth's current and emerging workforce.

Pennsylvania's economic future depends on having a well-educated and skilled workforce that is prepared to meet the current and projected demands of a global, knowledge-based 21st century economy.

Therefore, it is imperative that Pennsylvania students at all educational levels have access to high-quality academic and technical education, as well as opportunities to assess interests, build skills, and identify and explore careers aligned to those interests and skills.

Regardless of their post-secondary plans, all students should leave secondary education with a solid foundation in career education and work.

In 2006, the Pennsylvania State Board of Education promulgated regulations (22 Pa. Code Chapter 4) establishing the state Academic Standards for Career Education and Work (CEW standards) and making the standards required education for all students in Pennsylvania.

Andrew Carnegie Free Library & Music Hall

Espy Post: A True National Treasure

The Andrew Carnegie Free Library & Music Hall is home to one of the last remaining Grand Army of the Republic Posts left in the country! The Capt. Thomas Espy Post No. 153 was chartered in 1879 and moved into the library in 1906.

When the last Civil War veteran member died in 1938, the Room was locked and left undisturbed for 50 years – it became a virtual time capsule.

Not only does it house invaluable artifacts, but the room itself provides a unique historical record of the first part of the century. It was lovingly restored in 2010.

Grinage Display

The ACFL&MH accepted the donation of a pre-Civil War Henry Leman Kentucky rifle to be permanently placed in the Espy Post. Louis & Jennifer Grinage of Ovilla, Texas brought the gun to Pittsburgh on September 10 and were joined by family to see the display honoring Jonathan Grinage, a member of the Espy Post from 1906 until his death in 1914. Jonathan served in Co. C of the 8th United States Colored Troops (USCT) and is one of four African Americans that appear in the 1904 picture of the veterans on the library steps. Louis Grinage is Jonathan's great-grandson. The family had originally thought Jonathan used it during the war because 1862 is carved on the patch box, but research shows the 8th USCT was issued a .58 caliber Springfield rifle. Jonathan may have taken it to Camp William Penn when he first enlisted, but most assuredly sent it back home after being issued a standard Federal weapon. The gun will be moved from the display in the Library to the Espy Post after the first of the year. I encourage you to stop and see this tribute to one of our Civil War veterans.

carnegiecommunity development corporation

The Carnegie Community Development Corporation (CCDC) is a non-profit organization committed to encouraging the development and growth of a vibrant, diverse and healthy community.

The CCDC has worked hard to re-build Carnegie back to the vibrancy of years past, overcoming the many struggles including failed re-development, flooding and fires. The CCDC has offered many programs through the years including a Business Attraction and Retention Program and a Facade Program, organizing the local building and business owners of Carnegie group (BBOC) and growing the Carnegie Crawl into a promotional tool for Carnegie.

Our Strategic Plan

- Enhance and sustain our historic downtown business district.
- Market the unique location, assets and opportunities in Carnegie to a greater regional audience.
- Foster collaboration, dialogue and ownership among all members of the community.

Joanne Letcher is the Executive Director of the Carnegie Community Development Corporation. She has been an active business owner and building owner in Carnegie since 1989. There has been a lot of change and challenges but she sees a very bright future for Carnegie.

Our Neighborhood

Carnegie is 6 miles from downtown Pittsburgh and unusually level for Western PA making it easy to get from one end to the other. The Chartiers Creek divides East from West Main and flows by its shaded sidewalks. Lining the streets are unique shops and merchants offering products from mead to antiques, and just about everything in between.

Red Flags of Identity Theft

- Mistakes on your bank, credit card or other account statements.
- Mistakes on the explanation of medical benefits from your health plan.
- Your regular bills and account statements don't arrive on time.
- Bills or collection notices for products or services you never received.
- Calls from debt collectors about debts that don't belong to you.
- A notice from the IRS that someone used your Social Security number.
- Unwarranted collection notices on your credit report.
- Businesses turn down your checks.
- You are turned down unexpectedly for a loan or a job.

Nearly 9 million Americans were victims of identity theft in the past year and the average victim spends more than $500 and 40 hours correcting fraudulent information on their credit records.

Protect Your Identity

- Never respond to unsolicited requests for social security numbers or financial data.
- Cut up unsolicited credit cards and obliterate account numbers.
- Shred credit cards, ATM receipts and bank statements before discarding.
- Avoid easy to figure out access and personal identity (PIN) codes.
- Obtain a copy of your credit report annually and check for accuracy.
- Use only secure sites (https) for online purchases.
- Pay for online purchases with credit cards to limit liability.
- Safeguard your social security number and check earnings and benefits for fraudulent use.

Reminders from the Carnegie Volunteer Fire & Rescue Bureau

When you turn your clock back one hour in the fall,
REMEMBER TO CHANGE THE BATTERIES IN YOUR SMOKE ALARMS.

CARBON MONOXIDE DETECTORS
The Borough has an ordinance that requires smoke and carbon monoxide detectors be provided by landlords in all rental houses and apartments. While not required by ordinance, the CVFRB highly recommends that owner occupied buildings also install and maintain these life saving devices in the same manner as required in rentals.

FIRE EXTINGUISHERS
A portable fire extinguisher can save lives and property by putting out a small fire or containing it until the fire department arrives; but portable extinguishers have limitations. Because fire grows and spreads so rapidly, the number one priority for residents is to get out safely. Use a portable fire extinguisher when the fire is confined to a small area, such as a wastebasket, and is not growing; everyone has exited the building; the fire department has been called or is being called; and the room is not filled with smoke.

Public Works

Leaves

Residents may place leaves and bagged yard waste at the curb, but only in proper paper lawn/leaf bags. Bushes, hedges and tree trimmings MUST be securely bundled. NO LOOSE MATERIAL WILL BE TAKEN. Call the Department of Public Works at (412) 276-0111 to schedule pickup of yard residue.

Snow and Ice - Sidewalks, Driveways & Roads

Residents with sidewalks in front of their property are responsible for clearing them of ice and snow within twenty four hours of an event. Snow is NOT PERMITTED to be shoveled from sidewalks or driveways onto the street.

During winter months, the Department of Public Works primary focus is the borough's main streets Side streets and alleys are secondary.
